

Future Scientists Research Grants (FSRG)

Video Guidelines

Create an engaging and authentic video that introduces the team, highlights the project idea, and allows judges/viewers to get to know the students behind the innovation.

Recommended Duration

3-5 minutes

1. Team Introduction (30-75 seconds)

Group introduction & self-introductions.

2. Project in a Nutshell (30-45 seconds)

- Project title
- The problem being addressed

3. Why Choose this Project (30-45 seconds)

The story behind the choice in brief

4. Proposing Smart Solutions (30-45 seconds)

Details of the proposed;

- Prototype
- Model
- Demonstration
- Simulation

5. What Makes this Idea Special? (30-45 seconds)

Highlight:

- Novelty
- Creativity
- Advantages over existing solutions

6. Feasibility and Impact (30-45 seconds)

Ability to complete and benefit the country.
